---------------	------------	---------

Each packet contains four fingerstix and an Instructional booklet written by fingerstix inventor Anthony Miranda.

About the inventor

Fingerstix inventor, Anthony Miranda, has been performing for over 35 years with artists like Madonna, Natalie Cole and Tom Jones. He's been a soloist in orchestra and wind ensembles as well as being a studio artist for Tri-Star Motion Pictures, MGM Studios, NBC and more.

· **Paul Wertico** :: Paul Wertico Trio :: 7-time Grammy Award winner "A brilliant invention by the brilliant drummer Tony Miranda, Fingerstix are no novelty items, but an innovative, alternative approach to conventional drumming. In (or should I say "on") the right hands, a whole exciting world of sonic possibilities await those who are open minded enough to embrace new ideas. Explore and have fun!!!"

· **Jan Williams** :: Acclaimed contemporary percussionist Emeritus Professor :: University of Buffalo "These things are unbelievable! What an ingenious innovation. They open up a whole new world of possibilities for the creative percussionist, a world limited only by imagination. They have to be tried to be believed."

· **John H. Beck** :: Professor of Percussion :: Eastman School of Music "Tony Miranda's Fingerstix provide percussionist's with unlimited opportunities to explore new sounds."

· **Gordon Gottlieb** :: Percussion Faculty, Juilliard School of Music :: NYC renowned studio musician "Thanks, Tony!, What a novel bridge between hand and stick drumming."

· **Alessandra Belloni** :: World-renowned tambourine virtuoso :: Remo signature artist "I find Fingerstix greatly enhance and accent the techniques I have developed based on the southern Italian tambourine style. They enable me to play louder defining the power of the accent played by the thumb and index fingers. This enables me to be heard when performing with drumset or other percussion instruments." "I recommend them to all frame drum players no matter what techniques they use."

· **Dr. Brad Fuster** :: Director of Percussion Studies :: Montana State University "Fingerstix are awesome! The touch, sensitivity, and tone color possibilities are endless and lend new expressive possibilities to a multitude of contexts. Fingerstix are simply a must-have tool for the giggering drum set, multiple percussion, or studio artist."

· **Robert Fullex** :: Satisfied Customer "I have recently bought a pack of Finger Stix and I must say I am very impressed. The Fingerstix are a very universal type of stick that are easy to use and fun to play with. You can use them in a variety of musical situations and they give me a feel for the drums and cymbals that I never have had before. If you are a professional or a beginner these sticks are made for everyone! On a scale from 1-10 I would give them a definite 10! Thanks again..."
