About Fred Kelly

Fred Kelly's interest in guitar began when he was a young child. He would strum with a flat pick, which suited his needs, until one day when he listened to Merle Travis on an old 45 record. Fred was deeply intrigued by Merle's picking style, and played the record over and over until he eventually wore it out. He tried to imitate Merle's style several different ways using a flat pick, but all were unsatisfactory. As Fred's interest and ability grew he held on to his intrigue of Merle's picking style and tried other picks, like the standard thumb pick, in his study to become a better guitarist. Unsatisfied with the products he used, Fred was inspired to design his first thumbpick, the Speed Pick.

Due to the overwhelming positive response the Speed Pick received from fellow guitar players, Fred Kelly designed more custom picks, leading up to the 58 different styles of picks Fred Kelly Picks offers today. Because of his interest in guitar and the inspiration taken from incredible performers like Merle Travis, Fred Kelly now offers the largest variety of pick styles on the market. Fred Kelly has over 60 years playing guitar and understands the importance of musical signature. He has been producing custom guitar picks for over 25 years, and offers very competitive prices for all styles of picks and thumbpicks. Fred Kelly Picks is today distributed nationally throughout the U.S. and internationally throughout the world.

FEATURES AND BENEFITS

- Fred Kelly has over 40 years experience playing guitar and understands the importance of your musical signature.
- Over 25 years committed to producing custom guitar picks.
- Fred Kelly Picks offers very competitive prices for all styles of picks and thumbpicks.
- Several Thumpick designs like the Bumble Bee Teardrop and the Delrin Speed Pick exclusive to Fred Kelly Picks.
- Crafted in Delrin, Polycarb, or Nylon for durability and sensitivity to the strings.

Which Material Should I Use?

Fred Kelly not only create many shapes of picks to suit different styles of playing, they also use different materials to help you create you own feel and sound as you play. Below is a simple table outlining the basic differences between textures.

Nylon Flat

Nylon

- Durable yet flexible
- Softer sound on string

Polycarb Flat

Polycarb

- Transparent Colour
- Brighter sound than nylon or delrin

Delrin Flat

Delrin

- Extremely strong material
- Soft, natural sound on strings

Fred Kelly Regular Thumb Picks

Fred Kelly's Regular picks are available in delrin and polycarb materials. Delrin is an extremely strong material, and provides a very soft and natural sound on the strings. Polycarb has an appealing transparent color. The sound created from a polycarb pick is brighter than that from the delrin.

The Fred Kelly Regular are known for their unique comfort as is all Fred's picks.

Polycarb Regular

Delrin Regular

FK-D1	Fred Kelly Delrin Thumb Pick - Regular (Bag of 24)	\$46.80
FK-P1	Fred Kelly Polycarb Thumb Pick - Regular (Bag of 24)	\$46.80

Fred Kelly Slick Picks

Fred Kelly's Slick Pick has a flat pick point that enhances smooth strumming. This pick is neither big or bulky, like many on the market, and is the first pick that acts like a flat pick. The Slick pick is available in delrin or polycarb materials. Delrin is an extremely strong material, and provides a soft and natural sound on the strings. Polycarb has an appealing transparent color. The sound created from the polycarb pick is brighter than that from the delrin.

Delrin Slick Pick

Polycarb Slick Pick

FK-D2BH	Fred Kelly Delrin Slick Pick - Large Heavy (Bag of 24)	\$46.80
FK-D2H	Fred Kelly Delrin Slick Pick - Heavy (Bag of 24)	\$46.80
FK-D2L	Fred Kelly Delrin Slick Pick - Light (Bag of 24)	\$46.80

FK-D2XH	Fred Kelly Delrin Slick Pick - X Heavy (Bag of 24)	\$46.80
FK-D2ZH	Fred Kelly Delrin Slick Pick - Left Hand Heavy (Bag of 24)	\$46.80
FK-P2BH	Fred Kelly Polycarb Slick Pick - Large Heavy (Bag of 24)	\$46.80
FK-P2H	Fred Kelly Polycarb Slick Pick - Heavy (Bag of 24)	\$46.80
FK-P2M	Fred Kelly Polycarb Slick Pick - Medium (Bag of 24)	\$46.80
FK-P2XH	Fred Kelly Polycarb Slick Pick - Extra Heavy (Bag of 24)	\$46.80
FK-P2ZH	Fred Kelly Polycarb Slick Pick - Left Hand Heavy (Bag of 24)	\$46.80

Fred Kelly Speed Picks

Fred Kelly's Speed- Pick was designed to be fast on the strings. The long, slim shank allows for precision, speed, and truer tonal clarity. It has a comfortable, yet securely fitting thumbhole, and is available in the delrin material. Delrin is an extremely strong material, and provides a soft and natural sound on the strings. The speed pick is available in left-handed and large thumbhole models. The Speed picks are color coded in Yellow-light, Orange-medium, and White-heavy. The new left hand and the large thumbholes are not color coded.

Delrin Speed Pick

FK-D3BH	Fred Kelly Delrin Speed Pick - Large Heavy (Bag of 24)	\$46.80
FK-D3H	Fred Kelly Delrin Speed Pick - Heavy (Bag of 24)	\$46.80
FK-D3L	Fred Kelly Delrin Speed Pick - Light (Bag of 24)	\$46.80
FK-D3M	Fred Kelly Delrin Speed Pick - Medium (Bag of 24)	\$46.80
FK-D3ZH	Fred Kelly Delrin Speed Pick - Left Hand Heavy (Bag of 24)	\$46.80

Fred Kelly Flat Picks

Fred Kelly's Flatpicks come in nylon, delrin, or polycarb materials. The nylon material is very durable yet flexible and creates a soft sound on the strings. Delrin is an extremely strong material, and also provides a very soft and natural sound on the strings. Polycarb has an appealing transparent color, and creates a brighter sound than nylon or delrin. These picks have a unique fine textured grip, and the newest Standard Flatpick has a slight ridge around the thumb area to ensure a firm grasp.
